FEEL THE FREEDOM

OUR FOUNDER DAVID LEE

David Lee was a PGA Tour Professional who spent over 40 years researching and perfecting golf methodology. He is the creator of Gravity Golf, a training system that has earned him accolades from PGA pros, scientists, students, and national golf publications. Career highlights include:

- Listed 12 times as a Golf Magazine Top 100 Teacher
- Featured in publications by ESPN, Golf Digest, GOLF Magazine, Golfweek
- Author of 3 Books including Gravity Golf: The Evolution and Revolution of Golf Instruction (Over 100,000 copies sold)
- Worked with over 30 major tournament winners
- Four years playing on the PGA Tour
- Featured speaker at multiple neuroscience conventions
- Gravity Golf Infomercial 5 years in syndication
- Teaching Golf Schools for 40 years
- Captain of U of A Golf Team as a walk on
- High School – Athlete of the Year

A LEGEND WILL BE MISSED

Gravity Golf has been my passion for the last 45 years and watching the information take form and make sense, has been like watching a child grow and develop from the awkwardness of adolescence to the graceful beauty of a fully trained and functioning professional athlete.

I want to thank everyone that has been part of my life with an enduring sense of gratitude to have shared so many moments that stopped time in its tracks and revealed the spectacular sensations that come not only from perfectly hit golf shots, but most importantly, the moments that connect us all through the love of what we do. Let go of tension wherever you can, and feel the freedom that comes from giving up on doubt. This is your time now to take the torch and feed your lives with kindness, on and off the golf course. I love you all and will be with you every shot!

THE FUTURE OF LEARNING

In the wake of our founder David Lee's passing, the future of Gravity Golf stands as a testament to his enduring legacy. While we mourn the loss of a visionary leader, we are committed to carrying forward his passion for the game and the principles of Gravity Golf that he so ardently championed...

Daniel Lee, the son of David Lee, also known as the "Drill Maestro" is the master in the demonstration of the Gravity Golf drills. As a seasoned golf instructor and world traveler, Daniel brings a unique perspective and expertise to our team. His journey through growing up around the world of golf instruction has allowed him to see the transformation from how golf has been taught traditionally, to a new age of integrating a holistic approach that aids in developing anyone to their highest level of self awareness and efficient athleticism.

Together, this dedicated team forms a stronghold of knowledge and passion, poised to propel Gravity Golf into the future. The continuing drive of this movement can only thrive, because of the dedication and enthusiasm of our incredible growing team of Certified Gravity Golf Instructors, sharing this wonderful knowledge with their students around the world. As a well versed and innovative team, we carry forward the principles of Gravity Golf with the utmost enthusiasm. Our collective passion for the golf swing and the transformative journey towards helping people to become a Gravity Player remains unwavering. We are driven by the desire to bring back the joy to people's golf games, guiding them on a new and exciting journey to develop the swing of a lifetime...

In this pivotal moment, we reaffirm our commitment to the principles that David Lee held dear. The spirit of Gravity Golf lives on through our shared dedication, and we are determined to honor David's memory by continuing to inspire golf enthusiasts and players alike. As we embark on this journey, we invite you to join us in celebrating the legacy of David Lee and the bright future that is Gravity Golf.

The Gravity Golf swing has 4 distinct components that drive all swings regardless of size: the heave, the counterfall, the shoulder drop and the turn. Each aspect of the sequence will become clear through learning the progressive drill sequence laid out in this curriculum. Through learning these techniques, you will be qualified to share this knowledge with students in a manner that will allow them to create a solid foundation of mechanics and fundamentals for a life time.

Many great athletes, and even some touring golf professionals, can look great making a full swing, but look like a fish out of water hitting putts and delicate shots around the greens. Why players get “yippy,” on the greens, and why they chilly dip and blade chips and pitches, is because of mechanical issues in their power application. When you learn to apply power correctly, the fear of these shots goes away, and your scores will start to come down. Anyone can do this – it only requires a little know-how and proper practice!
